INTRODUCTION

Our primary goal is to provide you with professional, efficient tax preparation and consulting. We understand that gathering all the necessary information for your tax return can feel overwhelming. To help simplify the process, we've designed this checklist to guide you through the steps and ensure we have all the documents and details we need.

HOW THIS CHECKLIST HELPS YOU MINIMISE FEES

Our fees are influenced by several factors, including the complexity of your tax situation, the accuracy and completeness of the information you provide, the level of responsibility and skill required, and the time spent on your engagement.

By providing us with accurate and complete information up front, you help us process your tax return quickly and efficiently, saving both you and us time and money.

Delays in gathering the required information can lead to increased fees, as we may need to pause work on your return while we track down missing information. The more time a job is paused and restarted, the more time is added to the total cost.

HOW TO USE THIS CHECKLIST

This checklist is specifically designed to help prepare your personal income tax return for the year ending 31 March 2025. If your financial year differs from this, please contact us, and we will provide the appropriate checklist.

Once you've gathered the required information, simply follow the checklist. It contains a series of boxes and questions to ensure you provide all the necessary details. If you need any assistance or have questions while filling it out, please feel free to contact us on 09 449 0417.

PROFESSIONAL STANDARDS

As members of the Association of Chartered Certified Accountants, and registered Tax Agents, we are committed to upholding professional and quality control standards. This checklist helps us maintain those standards, ensuring your tax return is processed accurately and in compliance with the relevant regulations.
